
Retrospective:

Positive:

- most of us learned a lot of stuff
- we were a great team, all of us wanted to contribute
- team size was good
- requirements of our IP were very detailed once they were delivered
- IP was very quick to answer emails and provided us a phone number to call him. He was always ready for meetings.

Negative:

- the e-solutions project was not really suited for an AMOS project as it was too hard
- some of us had the feeling of having to learn too much to be able to contribute too little
- our IP was a
